CLUB CALF SALE

Sunday, November 30, 1975

3:00 P.M. MST

Castle Rock, Colorado

SELLING A SELECT GROUP OF SHORTHORN STEERS. ONLY THE BEST HAVE BEEN CHOSEN FOR OUR SALE. QUALITY GUARANTEED.

Pre-Sale Party . . . following the club calf sale at the Heckendorf ranch house. You're all welcome!

HECKLAND SHORTHORNS

A note to fellow Shorthorn Breeders and interested cattlemen:

This sale is our show window for what we have accomplished in the Shorthorn Business the past 12 years. By no means has it been easy to put forth a group of cattle like we will offer December 1, 1975. Rather, it has been a long, hard pull with a lot of effort, thought, and money spent, sometimes wisely and at other times, not so wisely.

However, as in many cases, it is a stroke of luck that often times helps one out. Our stroke of luck was and is the great breeding bull, VRB Prince x. Prince doesn't get just a few good calves each year, but he gets many outstanding calves. And now that his first females are two years old and have produced calves, we feel his value is greater than ever. They are the greatest uddered and best producing females we've ever been associated with.

Our offering will be based almost exclusively on the offspring, service and breeding of this great bull. There isn't an animal in the sale that we wouldn't like to keep in our program. We have dug deep into our herd so that this first production sale will be one of quality and performance.

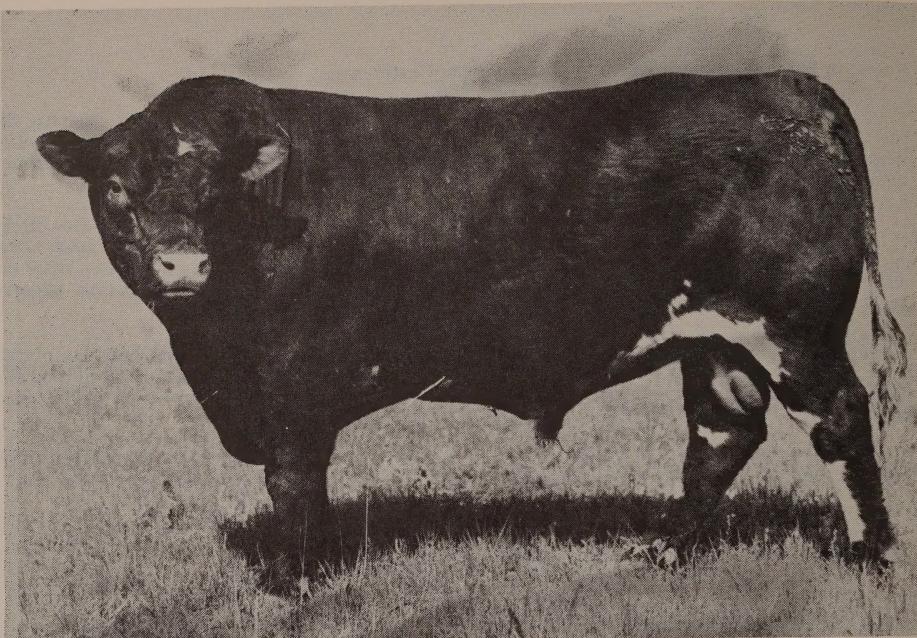

Please feel free to consult us on any lot in the sale. We will represent the offering with complete honesty and sincerity. If they won't help you, we don't want you to have them.

Fatherland F. Jr.

Superman and Superstar after being named Grand and Reserve Grand Champion Bulls at 1974 Colorado State Fair.

Prince could be one of the greatest Shorthorn breeding bulls of all time. With but 6 baby calves shown in 1973, he was the 4th ranking sire in the Shorthorn breed, plus having the All-American Junior Get. Again in 1974 his Get-of-Sire was nominated for All-American and he ranked 3rd on the national Shorthorn sire list. It is our hope that Prince will become sire of the year as the result of the 1975-76 show season. Most certainly he is the bull to be reckoned with at this stage of the season. Look this great bull over as an individual and also as a producer of uniformly long, meaty cattle with good size. We think his blood can help many people striving to produce good Shorthorn cattle. Prince was bred in the C.L. Baughman herd of California, Missouri, which has had for 50 years what we want in beef cattle today.

Tracy certainly has to be a talking piece. He is absolutely huge, weighing 2750 lbs. at almost 10 years of age. We don't say Tracy is the complete answer to the cattle business today, but we do feel there are many, many Shorthorn cattle around that his scale and size would certainly help. If you like size, you'll love Tracy. And if you need size in your herd, his blood can do nothing but help.

Too much can't be said of this great bull. Ever since he was born, we knew he was destined to be a great one. Few bulls are great show bulls as calves, yearlings and then as two year olds. But Superman is one of the very few that has proven this feat possible. In three show seasons, he has been shown at 23 major shows and has been a champion 19 of those times. He has met and defeated the very best Shorthorn bulls that have been shown in the U.S., never ducking a contest. Superman is not without performance. He weighed 1075 lbs. at one year of age and as of Oct. 18, 1975, he weighed 1900 lbs. We have used this bull extensively both as a yearling and as a two year old. We are most anxious for everyone to see his first calves, some of which will be in the sale. These calves most definitely substantiate the breeding potential of Superman. Every great bull has a great Mother, and Superman's is the greatest female we've been associated with. Her first 3 calves are all All-Americans and each year the highest indexing calves in the herd. I can say no more than to say this bull has the genetic purity and background to help almost any Shorthorn herd. He is offered with pride and unending confidence in his ability to breed. Part of the Heckendorf family will leave when Superman leaves the ranch.

Two-thirds interest and possession sell. Superman is on the ASA sire testing program. His calves are being evaluated at the present time thus giving the new owner complete production data on Superman by next spring.

GENERAL INFORMATION

Time: Monday, December 1, 1975 — 12:30 P.M. MST.

Location: The Heckendorf Ranch, 2½ miles south of Castle Rock, Colo. or 30 minutes south of Denver, Colo. on I-25 and 2½ miles south of Castle Rock, Exit on the east side frontage road.

Transportation: Commercial airlines available to Denver Stapleton International Airport which is 45 miles northeast of the Heckendorf Ranch. Transportation will be available from the airport to the ranch by calling (303) 688-3003.

Telephone: Before sale day: Gordon Schuppe (303) 522-8195, F. A. Heckendorf, Jr. (303) 688-3003. On sale day: the Heckendorf ranch and Auction Block (303) 688-3003.

Terms: Cash at the conclusion of auction unless prior arrangements have been made.

Lunch: A free lunch will be served sale day at 11:00 A.M. MST.

Health: All cattle will be tested for Brucellosis within 30 days prior to the sale. Each will be free from T.B. either by test or from an accredited area. All cattle will be furnished with health certificates for inter-state shipment.

Insurance: Anyone wishing to insure their purchases may do so by contacting the sale clerk.

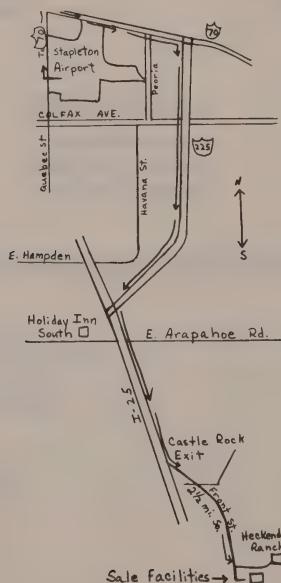

Sale Headquarters: Holiday Inn South, I-25 and East Arapahoe Road, Denver, Colo., Phone: (303) 770-1421. It is 30 minutes north of the Heckendorf Ranch.

Guarantee: All cattle sold in this sale will be protected under the Standard Guarantee endorsed by the American Shorthorn Association.

Liability: Each animal will be at the buyer's risk as soon as sold but will be cared for by the seller for a reasonable period of time. Every precaution will be taken for the welfare of the cattle sold. Neither the owners, auctioneer or other sale personnel can be responsible for any accidents, but every effort will be made to provide for the safety and comfort of those attending the sale.

Absentee Bids: Persons who are unable to attend are welcome to send sealed mail bidding to any of the auction personnel, c/o F.A. Heckendorf, Jr., P.O. Box 183, Castle Rock, Colo. 80104. These bids will be handled in a most confidential manner. Telephone Bids may be taken sale day by calling (303) 688-3003.

Delivery: Every effort will be made to see that cattle will be delivered to the purchaser at minimum cost.

ELMWOOD SHORTHORNS

The Schuppes, Gordon, Cinde, Mike and Earline.

Elmwood Shorthorns began with the purchase of two heifer calves from Hazel and Oscar Landaker as an F.F.A. project in 1959. Productivity has been the main criteria in the building of our herd. Our heifers have always been bred at 14 - 15 months of age to calve as two year olds. To stay in the herd, they must produce a calf every year.

We started with horned cattle and began breeding polled cattle in 1970. At that time we used Leader 21x, Kinnaber Leader 9thx, and Pleasant Dawn Seal 2ndx in an A.I. program. In February of 1974 we purchased Woody Hills Mark 2ndx. He was Grand Champion at 13 of 15 shows in Canada in 1973. We are offering the top end of his first calf crop in this sale. They are without a doubt, the best set of calves ever produced on our farm. They are growthy with ample leg and are some of the best muscled calves we have seen. We feel the Mark 2ndx calves that are selling are a tremendous set.

We live on an irrigated farm and our only help is members of our family. Therefore, we haven't been able to show our cattle as we would like. When they are shown, they are very competitive. We have produced the champion bull or female at the last three Western Shorthorn Association Sales.

The cattle selling are a productive group. As you look at the date they calved and the date they are bred back, you will see that they are a prolific set of cattle. We will stand behind these cattle every way possible, in seeing that you, the customer, will be most satisfied.

We would be very honored by your presence at this our first sale.

Sincerely,

Gordon Schuppe

Truly a beef bull. We purchased this bull in the 1974 Canadian International Sale where he was Grand Champion Bull. Earlier he had been Supreme Champion at the Toronto Royal Winter Fair. As a two year old, he was shown 15 times and was named Grand Champion 13 times. He is sired by the great breeding bull, Pleasant Dawn Markx who has sired the Champion or Reserve Champion Bull at the last 4 Canadian International Bull Sales. Woody Hills Mark 2ndx is currently weighing 2,230 lbs. His first calves sell in this sale and many of the bred females carry his service.

A Son of "One Eye" that is doing so good in the Earl Fieser herd in Kansas. We purchased this bull in dam in the Rothbury Dispersion. He weaned at 650 lbs. and weighed 960 lbs. as a yearling with no grain. He now weighs 1,395 lbs. C. Major is a tremendously well muscled bull. We think this bull is what the beef industry is all about. adequate size, muscling and a fast growth rate. Many of the bred heifers carry his service.

Bred by Haumonts. He is producing calves with plenty of leg and lots of length. This bull was caught out in the March 27 blizzard, which was the worst in the history of Northeast Colorado. He had a frozen scrotum and was unable to breed cows this summer. Therefore, we will only be selling 2 calves by this bull. The April bull calf selling is a good one.
